Ir Adriaan De Bolle, MSc

+32485 66 04 32   adriaandebolle@gmail.com   Assestraat 11, 1790 Affligem, Belgium

ℹ️ About Adriaan

Entrepreneurial engineer highly motivated to solve challenges while keeping a liberal, social heart and international spirit. Founder of the social community platform, UNBLND, connecting people worldwide based on interests.

📈 Experience

FOUNDER, UBIGREAT BV; TERNAT, BELGIUM – 12/2021-PRESENT

Founder of a social technology startup, UNBLND. Users are brought together based on interests through group recommenders and language models to gauge interests. Attracted an additional co-founder and investment through imec.istart. Currently in further growth, but insufficient revenue.

TEACHER, GO4!CITY; BRUSSELS, BELGIUM – 01/2024-PRESENT

Secondary school physics teacher (part-time)

FREELANCE IT, MANENGO BV; AFFLIGEM, BELGIUM – 06/2018-PRESENT

Independent projects as a freelancer in the field of IT development (part-time)
- ‣ Software Architect (Synt): building management software
- ‣ CTO ad interim (Relotrust): relocation management software

VALUE STREAM ENGINEER, PALL LIFE SCIENCES; HOEGAARDEN, BELGIUM – 03/2017-02/2018

In my role as a liaison between Production, Quality, Sales, and Logistics, I successfully addressed production breakdowns by reimagining assembly procedures for single-use biocontainers. Utilising Excel VBA, I automated internal logistics controls, optimising processes. My proficiency in SAP, Visual Basic, and Problem Solving Process (PSP) facilitated efficient problem-solving and continuous improvement initiatives.

GUARDIAN, FOD JUSTICE; BELGIUM – 05/2016-12/2018

Guardian of two unaccompanied refugee minors.

🎓 Education

- ‣ KULeuven, Leuven, Belgium – M.Sc. Engineering - (bio)chemical technology
- ‣ Erasmus for Young Entrepreneurs, Utrecht, The Netherlands – Exchange project
- ‣ Polytechnique de Montréal, Montréal, Canada – Génie, exchange project

⚙️ Tech Skills

‣ Advanced: JavaScript, React, ReactNative, Git, AWS Cloud, PHP, MySQL, HTML, CSS, Python, FastAPI, LLM, Clustering

‣ Familiar: Swift, C++, BoxCox, Machine Learning, SAP, VBA

🌍 Language Skills

‣ Native: Dutch
